

In our Governments the real power lies in the majority of the Community, and the invasion of private rights is chiefly to be apprehended, not from acts of Government contrary to the sense of its constituents, but from acts in which the Government is the mere instrument of the major number of the Constituents. - James Madison, 1788

School is here!!! For the past few years this hasn't been a big change for me, I drop the kids off at school at 8:30, which puts me at work right on time, and they are home before I am so while my wife notices a big difference I don't. This year however my oldest is heading off to the middle school and the bus comes at 6:30AM! Now I'm having to get up early and get him to the bus stop. I don't mind getting up early that much and it makes it easier to get the rest of the kids going as there is one less to deal with and I've already gone through my own waking up routine, but the big change I'm finding is the evening. I've been used to having an hour to myself after everyone else was in bed, time which I used to catch up on chores, relax, do gaming stuff, etc. Now I have to go to bed early and the time I've gained in the morning is not "my" time, it's time getting kids going. It's not a bad thing to have time with the family, but trying to find the time to do all those things I used to do late at night (like Tinamou!) is not proving easy.

Welcome to Tinamou #63, produced by Dave Partridge, 15 Woodland Drive, Brookline NH, 03033 (email: [rebhuhn of rocketmail.com](mailto:rebhuhn@rocketmail.com)). Tinamou now appears on the web in conjunction with TAP. The web page has everything you'll find here including maps. Go to Jim's index page <http://www.diplom.org/DipPouch/Postal/Zines/TAP> and check it out, your comments and suggestions are welcome!

Deadline for all games: Monday, October 16

Gunboat with press: Five signed up so far.

Perestroika Diplomacy: Add an economic twist to the classic game. Centers generate revenue, armies and fleets must be maintained, and treasuries can be sacked! Rules are available on request.

Signed up: Art Schleinkofer, Harold Reynolds, Karl Schmit, Graham Wilson, Sean O'Donnell

Standard Diplomacy:

Game Opening: Standard Diplomacy

Signed up: Sean O'Donnell, Brendan Whyte

Just the results please: Don't really know what to call this one as I just came up with it. Perhaps it's been tried before. The twist for this variant is that each season only the ending unit positions are published, not the orders. You'll know who went where, but not who helped whom, or want may have been tried unsuccessfully.

Signed up: Doug Kent, Graham Wilson, Art Schleinkofer

Industrial Waste:

A new game for 3-4 players. Manager your factory and build your products, but beware, increased production means more waste, and if you aren't careful you'll find that working in a sludge pit affects your productivity and the bottom line.

With two games finishing, I'm opening up another.

Game Opening: Eric Brosius, Graham Wilson

Railway Rivals: Anyone have a favorite map they want?

Transcontinental USA: Richard Weiss variant. Richard's proposed rules are detailed in the Perdu game section of Tinamou 60. I've received at least one request for Richard to clarify his proposal, so I'm calling on him to try and formalize it a bit and then I'll put another write up here.

Outpost: Sign up for the next game to start when the current one finishes

Signed up: Eric Brosius

Snowball fighting: Current game is over. Anyone interested in another go? 4 signed up so far, **Need a few more.**

Golden Strider: It is to running what Breaking Away is to bike riding. See Tom's szine off-the-shelf at <http://www.olympus.net/personal/thowell/o-t-s/index.html> for some games in progress.

Signed up: Tom Howell, Dennis Menear

Catan: Settlers or Seafarers, player choice: Signed up: Brad Martin, Al Tabor, Andrew Glynn, Brendan Whyte

Sopwith: (Next game once Snoopy finishes.)
Brendan Whyte

Reader's Choice: I'm open to anything, just send me the rules and if I think I can run it, I'll offer it

Pitino to Earnhardt: You race car drivers got nuttin, no stamina, no speed. My guys are, or were, basketball players, we got REAL speed! You have 30 replacement card points in your hand before this play. Tim Welsh is my low guy, and he beats you out with 31, so eat my dust, or..... as appropriate, pull me along by breaking wind for me! Just try to play that 1, I dare you, and see it replaced with a 3!!!

GM – Pitino: It's not those replacement card points that win the race though!

Pitino to Brick AND Boeheim to Ore: Get offa our clouds!!! No more copying our moves by you two!!! We STILL have the same hands and you know how brick hands and ore hands do for playing basketball!!!

Louie to Sobchak and Westley: Come on, now, ONE of you has to play your three! Momma wants a big pack!!!

I-70 to Head Coolie: How about the first one to each city gets to name it? Mistuh Head Coolie can tell us some limits to what we can name a city? Maybe a real town/city somewhat close to correct geographically?

HC - I70: The main reason I opted not to name them this time is the added work. Have to look them all up on a map, and then have to write the names on the map in a way that doesn't make it impossible to see the tracks and terrain. Better to cut a feature or two than a whole game, and there's just so much time available...

I-70 to PP: New rules, old strategy. Innovative. We shall see, eh?
